

AMERICAN CANCER SOCIETY

Category

Health Care

Services Offered:

The Patient Navigator program helps patients, families, and caregivers navigate the many systems ne journey. Trained Patient Navigators link those dealing with cancer to needed programs and resources

How can a Patient Navigator help you?

By providing literature on coping with cancer, what to expect during chemotherapy and radiation, and o treatment. By referring you to support groups, classes, and other programs for information and support

By helping you identify resources for financial assistance, medication needs, home health care, insura and other concerns.

By listening, caring, and helping you in your time of need.

By identifying activities that can help ensure a better quality of life.

By helping cancer survivors learn to self-navigate.

The Patient Navigator program is a collaborative program between the American Cancer Society and p cancer centers around the state of Ohio. This community-based partnership allows outreach to those experience.

To locate your local Patient Navigator call 1-888-227-6446 and press "0" for the operator.
